404.550.1759

## Education

Carnegie Mellon University  
August 2019 - May 2023

Bachelors of Design  
Minor in Environmental and Sustainability Studies

## Experience

Creature LLC  
August 2023 - February 2024

**Industrial Design Intern / Contractor** Atlanta, GA

Engaged in industrial design consulting activities in the consumer products and medical space. Shipped products through processes of ideation, research, sketching/drawings, 3D modeling, CAD modeling, DFM/DFA, and 3D rendering.

Fyrn  
June 2021 - August 2021

**Design + Production Intern** San Francisco, CA

Worked full-time in production studio preparing and refining raw materials to build their line of environmentally centered chairs and stools. Worked with production leadership to problem solve packaging challenges for their design kits. Designed a scheduling tool to streamline daily production workflow.

Ratio Product Lab  
June 2020 - August 2020

**Industrial Design Intern** Atlanta, GA

Given product proposals, sketched and modeled concepts for initial prototyping. Sketching was done freehand and CAD modeling was done in Solidworks.

IDSA | Carnegie Mellon University  
August 2022 - May 2023

**Professional Outreach Chair** Pittsburgh, PA

Role included coordinating with the School of Design for IDSA events on campus and assisting with the Design Lecture Series that brings professionals in to meet with students. Worked to increase connections throughout the School of Design.

## Skills

Design

Industrial Design  
Drawing/Visualizing  
CAD Modeling  
3D Rendering

Systems Thinking  
Design for Manufacturing  
UI/UX Design  
Iterative Prototyping

Software

SolidWorks  
Keyshot  
Adobe CC  
Arduino

P5.js  
Figma  
RaspberryPi  
Fusion 360
